5. SUBSCRIPTIONS, BILLING AND PAYMENTS

5.1. Free and Paid Services The Service operates on a “Freemium” model. **a) Free Access:** Certain features of the App may be available to you free of charge. This does not guarantee access to future features that may be released as separate add-on products.

5.2. They supersede all prior oral or written understandings or agreements.

12.4. No Waiver The failure of Aleem Labs to enforce any right or provision of these Terms will not constitute a waiver of such right or provision. A waiver of any default or breach will not constitute a waiver of any subsequent default or breach.

12.5. Electronic Communications By using the Service, you consent to receive electronic communications from us (e.g., via email, push notifications, or in-app messages).
